

To our friends and loyal customers.

The Ontario government has decided to allow restaurants to reopen next week.

This is encouraging but is not enough for us to reopen with a limit of only 10 guests at a time.

We have the seating for 120 guests and to have staff to offer table service for only 10 guests at a time with kitchen staff and all equipment running is financially untenable.

All larger restaurants are running at a loss offering take-out service, but it must be done to be able to reopen after the restrictions have been lifted.

We will still offer pickup and delivery from Thursday until Sunday from 4:00pm-7:00pm

Please support any of the many restaurants in St.Thomas that offer great food at reasonable prices.

Thanks for your ongoing support.

Roy
